INDIAN PHARMACOPOEIA-2014 COMES INTO FORCE

The seventh edition of the Indian Pharmacopoeia (IP-2014),officially released in November last year by the Indian Pharmacopoeia commission (IPC) has come into force in the country with no further extension of its implementation by the regulatory authorities. The IP 2014 is presented in four volumes. Pharmacopoeia has been extended to include products of biotechnonology ,indigenous herbs ans herbal products ,veterinary vaccines and additional antiretroviral drugs and formulations,inclusive of commonly used fixed dose combinations . Standards for new drugs ,drugs used under National Health Programmes are added and drugs as well as their formulation not in use now a days are omitted.

IP2014 incorporates 2548 monographs of drugs out of which 577 are new monographs consisting of API, excipients, dosage forms, antibiotic monographs, insulin products, herbal products. 19 new radiopharmaceuticals monographs and 1 general chapter is included first time.

IP2014 is published in fulfillment of the requirements of the drugs and cosmetics Act, 1940, rules thereunder. It prescribes the standards for drugs produced and/or marketed in India and thus contributes in the control and assurances of the quality of medicine.

SUN PHARMA IS THE LARGEST INDIAN DRUG COMPANY .

Sun Pharmaceutical Industries Limited is an Indian multinational pharmaceutical company headquartered in Mumbai, Maharashtra that manufactures and sells pharmaceutical formulations and active pharmaceutical ingredients (APIs) primarily in India and the United States. The company offers formulations in various therapeutic areas, such as cardiology, psychiatry, neurology, gastroenterology and diabetology. It also provides APIs such as warfarin, carbamazepine, etodolac, and clorazepate, as well as anticancers, steroids, peptides, sex hormones, and controlled substances. Sun Pharmaceuticals was established by Mr. Dilip Shanghvi in 1983 in Vapi with five products to treat psychiatry ailments. Cardiology products were introduced in 1987 followed by gastroenterology products in 1989. Today it is the largest chronic prescription company in India and a market leader in psychiatry, neurology, cardiology, orthopedics, ophthalmology, gastroenterology and nephrology.

The 2014 acquisition of Ranbaxy will make the company the largest pharma company in India, the largest Indian pharma company in the US, and the 5th largest speciality generic company globally.

Sun pharma India's most valuable pharma company by market capitalization. The combination of Sun pharma and Ranbaxy creates the fifth largest specialty generics company in the world and the largest pharmaceutical company in India. The combined entity will have operations in 65 countries, 47 manufacturing facilities across five continents and a significant platform of specialty and generic products marketed globally. Today Sun Pharma is the second largest and the most profitable pharmaceutical company in India, as well as the largest pharmaceutical company by market capitalisation on the Indian exchanges.

NPPA is an organization of the Government of India which was established, inter alia, to fix/ revise the prices of controlled bulk drugs and formulations and to enforce prices and availability of the medicines in the country, under the Drugs (Prices Control) Order, 1995. The organization is also entrusted with the task of recovering amounts overcharged by manufacturers for the controlled drugs from the consumers. It also monitors the prices of decontrolled drugs in order to keep them at reasonable levels.
