### Vision

To nurture excellence in Pharmacy profession and mould the institution into a centre of deft Pharmacy Professionals.

*To keep the body in good health is a duty... otherwise we shall not be able to keep our mind strong and clear. - Buddha*

## Messages From President

### Adv. Bhaiyasaheb Sandeep S. Patil

At the outset, I congratulate the team of SSPCOP for publishing PHARMA e-newsletter. We are aware that prime focus of any educational institution is to disseminate knowledge for the betterment of the society at the global level. Technology is such a powerful tool which can be applied for spreading of knowledge at one time across the globe. Students and teachers should be encouraged to participate in such activity so that their contribution is acknowledged by the world and the society is benefited by the awareness on happenings all over the world. This will not only bring the world closer by generating understanding among people of various countries at large.

Let this be a vehicle for enhancing insights for cultural diversity, and increasing enthusiasm for spreading enlightenment, thereby promoting peace, prosperity, and progress of the mankind.

I bless all the students and teachers who are involved in such creative and constructive Endeavour for their qualitative contribution on a continuous basis. Indeed, such on-line initiative will touch the hearts of millions within no time.

## Messages From Principal

### Dr. Suhas N. Sakarkar

I am very glad to see this new Pharma e-newsletter that our faculties have put out with consistent enthusiasm interest and renewed efforts, at Smt. S. S. Patil College of Pharmacy, Chopda. The campus has been colorful and abuzz with activities in these months with festivities and celebration. It was pleasantly infectious to watch the student's enthusiasm and joy in participating in various extracurricular activities, apart from their studies.

With this I present this Pharma e-newsletter to you with fervent hope that you love to go through the same with interest, not only for its regular contents and activities and achievements but also for its tiny chunks of wisdom quotes related to health and pharmacy, apart from other interesting matters, which try to serve as magical bits of potions to uplift the spirit.

**RECENT NEWS:****Chemists in Chopda join strike against online sale of drugs**

Over 120 pharmacies in the Chopda joined the nationwide strike called by AIOCD opposing online sale of drugs, Chopda Chemists Association said. The call for the strike was given by the All India Organisation of Chemists and Druggists (AIOCD), demanding action from the Centre against 'illegal' online sale of medicines.

"All chemists shop in Chopda are closed **on Wednesday, 14 October** except for some shops outside hospitals that we have allowed for providing emergency services to general public," Chopda Chemists Association President said. Earlier, the AIOCD President JS Shinde had said that they strongly oppose the government's move to regularise sale of medicines through Internet that is e-pharmacy in larger public interest. Shinde had claimed it was illegal to sell medicines on the Internet under the Drugs and Cosmetics Act 1940. The national chemists and druggists body has around eight lakh member chemists across the country.

**FDA approves new injectable drug to treat schizophrenia**

The U.S. Food and Drug Administration approved Aristada (aripiprazole lauroxil) extended release injection to treat adults with schizophrenia. Aristada is administered by a health care professional every four to six weeks using an injection in the arm or buttocks.

Schizophrenia is a chronic, severe and disabling brain disorder affecting about one percent of Americans. Typically, symptoms are first seen in adults younger than 30 years of age and

include hearing voices, believing other people are reading their minds or controlling their thoughts, and being suspicious or withdrawn.

"Long-acting medications to treat schizophrenia can improve the lives of patients," said Mitchell Mathis, M.D., director of the Division of Psychiatry Products in the FDA's Center for Drug Evaluation and Research. "Having a variety of treatment options and dosage forms available for patients with mental illness is important so that a treatment plan can be tailored to meet the patient's needs."
